

BBM

Part of MSS GROUP

BBM Joins MSS GROUP

We are pleased to announce the addition of BBM to the portfolio of Multi Services Solutions Group of companies. BBM specialises in Facilities Management & services offering professional services to Property Owners and Facilities Managers. Andrew Leppinus, Managing Director with over 15 years of experience, will continue to lead the BBM Division. BBM services include management of property operations, outgoings, and forward planning to deliver cost certainty and maximise return on investment. BBM improves visibility of a compliant, optimally utilised, green and sustainable property portfolio achieved by high competencies and corporate experience. A boutique Facilities Management company that provides transparent, streamlined and paperless operational services for clients.

Chris Russell, Multi Services Solutions Group CEO, commented; *"The MSS Group board and I targeted Facilities Management expertise as a key area of our business growth, and coming from this industry sector myself I understand the importance of a strong mix of experience and innovation to be successful in this space. I welcome Andrew and the team to the MSS Group and know from first hand experience of BBM's strong leadership and quality service delivery. Linking BBM to our other divisions of specialist project/construction services and direct delivery trade teams makes sense to ensure we have a full suite of service solutions to offer our customers. Whatever our clients' needs, including replacement programs, asset inventory assessments, compliance reports, capital works, preventative or reactive maintenance works – we are well positioned to support your desired business outcomes – keeping your facilities well managed."*

Andrew Leppinus said, *"I feel a new energy and focus for me and our team since joining the MSS Group of companies. Everyone is really excited to be part of the next step in growth for our business. There are so many opportunities we can see to benefit our clients and grow our service delivery with access to quality technical and operational trades from our sister divisions in the MSS Group and we look forward to bringing this to our clients in 2023."*

As the newly presented MSS BBM company, Andrew and the expanding team look forward to meeting all the clients over the coming months and continue to build understanding of your individual and collective industry service needs.
